4,000,000 MAN HOURS ALL ROLLED INTO ONE SAFETY DAY

TO CELEBRATE AWARDS AND MAN HOURS

U. S. RUBBER COMPANY PLANT REACHED A NEW RECORD in safety Saturday. Pictured above is one of the three safety committees under one of several signs placed throughout the plant to celebrate the occasion of having reached 4,000,000 man-hours without a disabling accident. Left to right, in the committee shown above are Russell Hamner, Clinton Norvell, Jimmy Oslin, Edward Lilly, Byrd Harris and Gracie Powell.

Safety Celebration Held At Plant

Seven years without a disabling accident was the record established Saturday by the 300 men and women of United States Rubber Company's Scottsville plant. Since September 12, 1946, its employees have worked a total of more than 4,000,000 man-hours with a perfect safety record.

Monday an informal celebration was held in the plant cafeteria, when favors were given to each employee, and luncheon was served. Each lady was presented with a corsage and each man with a pencil.

Signs throughout the plant inform all those who enter it that the 4,000,000 man-hours record has been established. Much credit has been given for this safety record to the employees by plant manager, Donald Carroll. There are three safety committees, one for each shift. The "A" shift committee includes Byrd E. Harris, Gracie E. Powell, Edward K. Lilly, Henry T. Drumheller, Walter K. Oslin, Russell N. Hamner and Esther J. King, nurse. Committee for the "B" shift includes Walter K. Oslin, Albert K. Wood, William D. Goodman, Vertie M. Morris, Edward S. Yancey, Mr. Hamner and Mrs. King. In charge of safety on the "C" shift are Alvin J. Gentry, Stewart B. Napier, Leslie W. Davis, Opal E. Lawhorne, Mr. Hamner, Mrs. King and Mr. Oslin.

During the plant's seven years of accident-free operation, it has received 18 national, state and company safety awards. They are: Award of Honor—the National Safety Council's highest award for 3,000,000 safe man-hours, awarded in 1952; Distinguished Service to Safety Award 1948, by the National Safety Council; First Award for Outstanding Achievement in

Revival Services

Revival services for the Mt. Zion Methodist Church, Esmont, will begin Sunday, September 20, at 8 p.m. and continue through the week according to the announcement made by the pastor, the Rev. Jack B. Taylor, this week. The Rev. L. P. Foley, pastor of the North Garden Methodist Church, will conduct services. This is Mr. Foley's second visit for such services.

Each resident member of the church has been assigned as pew host or hostess for one night of the week. Not only are they to act the part of host or hostess, but, in addition, they are to try to fill their pews by an urgent invitation to their family and friends. The public is invited to join in these services or worships.

Miss Tapscott Chosen To Represent Scottsville

Miss Page Tapscott, daughter of Mr. and Mrs. H. H. Tapscott, has been chosen by the Scottsville Lions Club to represent them in the beauty contest to be held on Friday night, September 28, at Fry Springs in Charlottesville.

Miss Tapscott will be among those girls from all over Albemarle who have been selected to compete for the title of Miss Albemarle County. The winner and her court will reign at the Apple Harvest Festival in Charlottesville October 1 and 2.

Zone Lions Meeting Is Scheduled Wednesday

At the regular meeting of the Lions Club next Wednesday there will be a zone meeting with Buddy Glover, zone chairman of Region 3, Zone 1, District 24-c Lions International, presiding.

Clubs in this district and zone in addition to Scottsville include Charlottesville, Crozet, Elkton, Grottoes, Harrisonburg, Shenandoah, Staunton and Waynesboro. Delegates from each club are expected to attend this meeting.

Donkey Baseball Game Scheduled For Sept. 25

The annual donkey baseball game sponsored by the Scottsville Lions Club will take place at the Scottsville High School ballpark diamond here on Friday night, Sept. 25 at 8 o'clock.

Members of the Scottsville Lions Club will play this year against the Tri-County Riding Club. A list of the players on each team will be announced at a later date.

The public is invited, and the proceeds will go toward the purchase of instruments for the high school band. Prices on the tickets will be announced at a later date.

Bruce Takes Over As Mayor; License Tax Change Studied

T. E. Bruce, Jr. was formally sworn in as mayor of Scottsville last Thursday by ex-mayor, Percy Harris. Dr. Harris, retiring after 20 years on the Town Council, ten years as councilman and ten as mayor, gave his congratulations to Mr. Bruce and wished him well in his new job.

After Mr. Bruce took over the mayor's chair, he swore in the six councilmen, Elmer Johnson, Jr., John Williamson, Robert Pitts, W. G. Mason, H. R. Nicholas, and the absent George Omohundro, Jr. and Mrs. Violette Beal, treasurer.

After the treasurer's report and approval of the bills, a discussion took place concerning the inequity of the licenses for the various businesses in town. Decision was made to send application blanks to those businesses which up to the present time have not had a license. It was decided also that the finance committee should go over the old system of business taxation and revise it. A letter received from the State Water Control Board requesting a report on the progress made toward getting a new water system for Scottsville was read. It was decided that Bruce would fill it out and return it.

New heads for the following committees were appointed: Street, Traffic and Garbage Disposal, Elmer Johnson, Jr., Chairman, H. R. Nicholas, and Robert Pitts; Water, Lights and Sewage, H. R. Nicholas, chairman, W. G. Mason, and John Williamson; Buildings, Town Property and Fire Department, George Omohundro, Jr., chairman, Robert Pitts, and W. G. Mason; Finance John Williamson, chairman, Elmer Johnson, Jr., and George Omohundro, Jr.

A letter had been received by Dr. Harris and turned over to Mayor Bruce from John Dorrier, submitting his resignation as Civil Defense Coordinator. The letter was discussed by members and it was decided that they would check with the Lion's Club, sponsors of the Ground Observer Corps, before appointing a new head.

New tax evaluations had been received from the county, and after some talk, it was decided to accept the new evaluations for assessing in the town.

Johnson brought up the subject of the new ordinance that requires a permit for selling papers and magazines on the street. He was asking in connection with the subscription drive the school children put on annually.

Scenes From Country Fair

HIGHLIGHTS OF COUNTRY FAIR AT GLENDOWER SATURDAY. At the hat bar, top left photo, Mrs. Phyllis Davis watches shoppers trying on fancy millinery. They are Ed Brewster of Charlottesville in back row and left to right in front are Alice Hamner, Annie Lou Moon and Edna Davis. In top right photo, Bob Spencer and his assistant, Donald Combs, put on a magic show for their young friends. Lower left picture shows little David Easton, Jr., with his father and Harriet Carter, about to enjoy one of the pony rides. In lower right photo is Elmer Johnson, clown for a day, with prize winners in the dog show. Left to right they are Percy Beverly, who won several ribbons and best in show with Mrs. Jack Castiel's boxer, "Andy", Bruce Randolph with blue ribbon winner, "Quirk," and James Beverly with another blue ribbon entry, "Mr. Jeff".

Country Fair Is Big Success

The Country Fair sponsored by the St. John's Episcopal Church and the Christ's Church, Glendower, held last Saturday and was an even greater success than in previous years. Financially, proceeds were over \$500, in spite of an early breakup due to a threatening storm.

The dog show, which was an innovation this year, produced the cream of the crop since most of the dogs received blue ribbons. Mrs. Grady Covington won a blue for her bull terrier, Mrs. Jack Castiel (Percy Beverly showing) a blue for her boxer and also sweepstakes as best dog in the show.

The other new drawing card at the fair was the hat bar for the children which was handled by Mrs. Jack Castiel and her able assistants. The hats were marvelous, and had obviously taken a great deal of time to produce. A large crowd turned out for the event, with representation from all over Albemarle county, and neighboring counties.

The number of games were in-

County Farm Notes

By P. H. France, County Agent
Garden Suggestions

Sanitation—Clean up and destroy all trash and refuse in and around the garden. These serve as a winter harboring place for many garden insects. Destroy them now and you have helped partially to solve next year's insect and disease problems. Also, fall plowing will give further control. Among the pests which you will have helped to control are potato beetles, Mexican bean beetles, flea beetles, squash bugs, squash vine borer, cabbage worms, pickle worms, onion maggots, cutworms, white grubs, plant lice, and many others.

Onions—Potato onions may be planted at any time in all sections of the state this month. This variety is an excellent keeper, and should be planted in all gardens. Small onions or sets produce large bulbs and large bulbs produce small sets for next year's planting. Include both sizes in your planting for successful gardening. Another good onion which should be planted now is the Egyptian or tree onion. This variety produces practically no bulbs, but comes early in the spring for salad or green onions. Sets are produced on top of the green stalks. A bed, six feet square or a row fifty feet long will supply an abundance of spring onions of the average family and the planting will not have to be renewed for several years.

Use of Lime, Fertilizer to be Discussed at Meeting—

More efficient use of lime, fertilizer and seed—with resultant higher crop yields at lower production costs for Virginia farmers is the aim of a new program in the State.

Dr. H. L. Dunton, head of the agronomy department at VPI, says the "kick-off" meeting to map plans for the program will be held

in Richmond September 16. There farm supply dealers, professional agricultural workers, and others, will discuss ways to conduct the program in the counties. Slated to address the group are: Roy Battles, assistant to the master, National Grange, Washington, D. C.; Giles H. Miller, president of the Culpeper National Bank; Dr. Dunton; and W. W. Lewis, Agricultural Extension Service agronomist.

W. H. Daughtrey, associate director of the Extension Service, will preside. Small Grains to be Seeded in Few Weeks—

The first of next year's small grain crops will be seeded by Virginia farmers during the next few weeks.

W. W. Lewis, agronomist at VPI, says oats are the first of the small grains to be planted. Most of them will be seeded by October 15. Oats should be seeded about four weeks before the usual wheat-seeding date.

Farmers in Piedmont Virginia should have their oats seeded by October 1.

Generally, the best time to plant barley is two weeks before wheat seeding time. For this area that means usually no later than October 10.

Seeding dates for wheat differ. Piedmont, October 1 to November 1.

Lewis lists these rates of planting: oats, 2 to 2½ bushels per acre; barley, 1½ to 2 bushels; and wheat 1 to 1½ bushels. Use higher rates if the crop is to be used for grazing in the fall and winter, or if seeded at the end or later than the recommended seeding period.

Details on seedbed preparation, how to seed, fertilization, and other practices are included in Circular 502, "Growing Small Grain". I shall be glad to send you a copy upon request.

Disc Cover Crops in Tobacco Beds—

Farmers who planted cover crops in tobacco plant beds in the spring should now disc the crop into the soil.

S. B. Fenne, plant pathologist at VPI, says the cover crop should be given several weeks to rot, so that the organic material will be well decomposed before weed control chemicals are added in October.

If there is too much growth in the cover crop, cut it off and disc in the stubble.

Cover crops in tobacco plant beds sites are recommended as aids in reducing the amount of weed seeds, Fenne explains.

New Soybean Promises Lower Production Costs—

Lower production costs per bushel for growers in certain areas are promised by the new Jackson soybean.

Agronomists at VPI say the Jackson soybean was developed by the U. S. Department of Agriculture in cooperation with agricul-

tural experiment stations in the Southeast.

In Virginia the bean is adapted to the southcentral to southeastern areas, or about the same area in which the varieties Roanoke and Volstate are adapted.

Yields of Jackson at the Holland branch of VPI Agricultural Experiment Station have averaged 3

more bushels per acre than Roanoke and 2 bushels per acre more than Volstate.

When repairing furniture requiring a slender nail, try gripping the nail in a paper clip until it is well started.

I dry an 8-lb. load of wash within an hour

...say more than 1,000,000 women who use an electric clothes dryer

Hanging clothes up to dry is as old-fashioned as the horse and buggy. Today over 1,000,000 women just toss their wash into an electric clothes dryer—and relax.

No carrying heavy baskets. No bending and stretching to hang each piece. No worrying about the weather. And you'll find that clothes dried electrically look better, feel better, last longer than clothes dried out-of-doors.

No wonder! There's no sun to fade them, no wind to damage them, no soot or birds to soil them.

Ask your dealer for a free demonstration of the electric clothes dryer. You've got to see it to believe it.

Appalachian Electric Power Company

TIDBITS

By Nancy P. Dorrier
Dr. and Mrs. J. Aubrey Hughes entertained at a luncheon at the Monticello Hotel on Friday. Dr. Hughes, who is the supervisor of the Methodist Church in the Charlottesville district, presided at a meeting preceding the luncheon. Among the 70 attending were Mr. and Mrs. Taylor and Mr. and Mrs. Daniel. Also preceding the luncheon was a meeting of the wives (of the ministers) club of which Mrs. Taylor is president with her usual savoir-faire, from all reports.

It's back to school for all the college students this week. Among the freshmen who are making the break are Bobby Spencer, our editor here at the Sun, who left for the University of Richmond on Sunday, and Pat Carden who also left Sunday for Mary Washington. Those who are entering V.P.I. and had to be there on Tuesday are Joe Kid and Franklin Ferneyhough from Howardsville and Carters Bridge, respectively, who plan to room together; and Billy Ramsey, the champion sheep shearer from Howardsville. Donald Combes, who will be a sophomore there, also left on Tuesday. The old Mary Washington students, Christine Catlett, who will be a sophomore and Joyce Mason who enters the sublime bliss of her Senior year, returned to Fredericksburg on Tuesday also. The latest leaver, the lucky dog, is LaWana Rutland, who doesn't take off until Sunday and then only to orient the badly frightened freshmen, since classes don't begin at Longwood until Thursday of next week!

Jack B. Taylor, pastor of the Methodist Church, is away this week at revival meetings in Heathsville. Unfortunately, he will miss the Victory Dinner which will be held at the Hinton Avenue Methodist Church in Charlottesville on Thursday night. A group of officials in the church will attend from Scottsville.

The Woman's Society of Christian Service is very fortunate this week in having Miss Sallie Brown, sister of Mrs. T. E. Bruce, here to speak on her work as missionary in Liberia. She will speak generally on the missionary work being carried on in Africa, and specifically of her work in connection with the College of West Africa. The meeting will be held at the home of Mrs. Donald Carroll, with Mrs. David as co-hostess.

Last Friday, Wilbur Brown, uncle of Mrs. T. E. Bruce, and his grandson, Daniel, of St. Angelo, Texas, paid a flying visit to Mrs. Bruce. It seems that Mr. Brown, a spry ninety-three, flies wherever he goes, and as a result of all his flying has been made an honorary commodore by the Airlines.

Mr. and Mrs. James Ripley and Mr. and Mrs. David Easton of Scottsville and C. R. Hunt of Charlottesville went to Washington Sunday to take in the Washington Zoo and watch the Senators play ball... wonder if it was a good game.

Pfc. and Mrs. Robert L. Anderson of Camp Pickett were here over the week-end visiting both their parents, Mr. and Mrs. W. Y. Anderson, and Mr. and Mrs. Herbert Black. She was the former Barbara Black.

Jack and Agnes Beal and Mr. and Mrs. Miller Payne with their son, James Bolling, and daughter, Mildred, went down to Bugg Island over Sunday, and stopped by on their way back to see the former minister of the Baptist Church here, Rev. Oscar Northern, and his wife at South Hill.

Dial 2-4121
Charlottesville

Hank and Virginia Darby of Richmond spent the week-end with Virginia's mother, Mrs. Virgie Mayo. Also visiting Mrs. Mayo was her cousin, Mrs. Estelle Hughes from Charlottesville.

Lelia Allis on modestly admitted that as chairman of the Orange district of the Women of the Church, she presided over an all day meeting last Wednesday at the Gordonsville Presbyterian Church. She has the job for three years, and feels like she can make it now that she lived through the first meeting.

Adele Johnson is going to have her first art exhibit starting September 16 and running until September 30. This exhibit is called Elements of Design, and is compiled by the Museum of Modern Art. It consists of 24 panels and is the first in a series that the art class will sponsor. They will have, as members of the Virginia Museum, these exhibits, a new one each month all through the winter, as well as a free magazine each month and free admittance anytime to the Virginia Museum of Fine Arts in Richmond. Everyone is invited to see these exhibits.

Mr. and Mrs. C. G. Anderson and their small son, Charles, from Alexandria spent this last week-end with Mrs. Anderson's mother, Mrs. John S. White. Over Sunday, Mrs. C. W. Anderson, Mr. Anderson's mother, from Arvonnia came also to visit for a few hours.

Mr. and Mrs. D. R. Motch, newcomers to this section of the country, who now live at Coleswood, have just returned from doing a little fancy horsing around on the horse show circuit. They took honors everywhere they went, from Staunton, Hot Springs and Warrenton, climaxing with reserve championship of the three-year-

olds in Virginia. They plan to show three of their eight horses in Madison Square Garden in November. It's quite impressive that we have such representation to brag about.

Miss Susie Blair left Friday for a week-end of faculty meetings of the entire faculty of Hollins College, which met at Natural Bridge. She returned Sunday to Hollins to be ready to greet the new students who arrived on Monday.

Received news too late for last week's issue that Labor Day week-end visitors in the home of Mr. and Mrs. Wilson Dansey were Mr. and Mrs. J. K. Mullan and daughter, Jo Ann, of Falls Church and Mr. and Mrs. J. G. Massie and children of Newport News.

Visiting Pauline and Ashby Mayo over the week-end was Mrs. Louise Melton from Washington.

Mr. and Mrs. Tom Saul of Appomattox spent Sunday with Mr. and Mrs. R. L. Marsh. Saul is Mrs. Marsh's brother.

The Dawson household was popping with company in and out. Mrs. G. H. Dawson, Drew's mother, came on Thursday and left Friday for Fredericksburg. On Sunday, Mrs. Frank Rolston and son, Sam arrived and spent the day.

Ann Paulett and cousin, Iby Lichtler, both from Richmond, came back to the parental home for the week-end. There might have been a third, but at this writing, I am unable to find who she was. We'll call her the mystery girl for the week-end of September 12.

Sewell Geyer of Ashland, formerly of Scottsville, visited the three Robertson boys, Sam, Cecil and Tyler last Friday.

Marie and Elli Jones were awakened early (5 a. m.) Tuesday morning by a hound dog scratching at the door. The Joneses, great

lovers of animals anyhow, took the dog in and went back to bed. Eight o'clock they called what they thought was one of their two white cats. The cat came and they found that they now have three!!! (white ones, that is.) Around nine o'clock, they heard a noise in the basement, and, on closer inspection, found a baby owl. Marie says, their house was well named... perhaps the animals could read "retuge" on the sign at the gate!

Miss Irene Briggs and her brother, John left Wednesday for Rocky Mount to spend several weeks with their niece, Mrs. Frank Goode.

Miss Joyce Hiner of Abingdon was recent visitor in the home of her grandmother, Mrs. Tom Payne, at Paynes Mill over in Buckingham. She will return this week to college in Richmond.

Mrs. Mike Hines of Abingdon spent last week-end with her mother, Mrs. Payne, and returned to Abingdon with Miss Pauline Bagley of Richmond and will teach school there this winter. She will make her home with Dr. Hine's family on Stonewall Heights.

Columbia

By Irene Newton

Mrs. H. S. Mosby is visiting the home of her parents in West Virginia.

The Misses Mary and Anne Walton have returned home after a week's vacation.

Mr. and Mrs. Bruce Jones of Norfolk visited in the home of Mrs. O. W. Ball over the week-end.

Mr. and Mrs. Clyde Hilt of Amelia visited in the home of Mrs. C. C. Amos during the week-end.

Miss Audrey Johnson of Richmond spent the week-end at her home here.

Miss Carolyn Horsley of Lynchburg spent the week-end with Mr. and Mrs. Claude Amos, Jr.

The James River League baseball playoffs will begin September 20 at 3 p.m. Columbia finishing in fourth place will meet Fife, finishing in first of the Fife dia-

mond. Genito, in second position, will meet Powhatan at Genito. The winner of these games will play a two out of three series on a neutral diamond.

Mr. and Mrs. Winston Connor and daughter, visited in the home of Mr. and Mrs. Cowherd over the week-end.

Mr. and Mrs. Al Willis spent last week with Mrs. Willis' parents, Mr. and Mrs. R. P. Kent.

Ahil Stoneman lost one of his old barns by fire last week.

It is a genuine pleasure for us to recommend this well known Travel Agency to our readers and invite you to go in and get acquainted. (Continued on page five)

Household Hints

By Betty M. Person
Home Economist
Appalachian Electric Power Co.

Chicken, the all-American, all-season, all-purpose bird, has taken first place in a recipe booklet titled "Chicken U. S. A." The recipes are favorites of our 48 governors. Connecticut, Illinois, Ohio, and Virginia contribute here to four very fine chicken dishes.

Chicken Chop Suey
2 tablespoons chicken fat
1/4 cup sliced onion
1 cup shredded carrot
1 cup diced celery
1 green pepper, cut in strips
1/2 cup chicken or vegetable broth
1 medium can mushrooms, drained
2 teaspoons salt
1 cup bean sprouts, drained
1 cup soured cream
2 cups diced cooked chicken
4 tablespoons flour
4 tablespoons water
2 tablespoons soy sauce

Cook the onion in the fat (but-ter may be used) until transpa-ent. Add the carrot, celery, green pepper, salt and broth. Cook 5 minutes. Add bean sprouts, mush-rooms, soured cream and chicken and bring to a boil. Blend flour and water till free of lumps. Blend into chop suey and cook until thickened, stirring constantly. Season to taste with salt and pep-per. Add soy sauce or pass it at the table. Serve over rice or fried noodles. 6 servings.

Ohio Fried Chicken
Put the following ingredients into heavy brown paper bag:
Bisquick (or any similar packaged mix)
1/4 lb. salt pork
Dash of: salt, pepper, paprika, poultry seasoning, celery salt and onion salt.
Drop pieces of chicken in bag

and shake gently. This flours and seasons chicken evenly and quick-ly. Dry slowly in heavy skillet containing fat or shortening. When golden brown remove to hot plate. Be sure that fat in pan does not get too dark. When all chicken has been browned place in fresh skillet containing melted butter. Add a very small amount of water, sprinkle sparingly with chopped parsley and a fairly liberal amount of mild paprika. Cover tightly with glass lid if possible so that you may watch chicken without having to remove lid. Cook slowly until tender, about 25 minutes for young chickens weighing 2 to 2 1/2 pounds, ready-to-cook. The amount of seasoning used depends on in-dividual tastes and can be judged by aroma. Use the same "Flour-ing" ingredients for fish.

Cut chicken as for frying. Dice salt pork and place with season-ings and chicken in large kettle with enough cold water to cover. Bring slowly to a boil, simmer un-til meat drops off bones. Remove bones and add potatoes, onions, lima beans. Cook until vegetables are well done. Add tomatoes and green corn. Cook about 30 minutes. If traditional thick stew is de-sired, cook until of consistency desired, stirring frequently to pre-vent scorching. Makes 6 generous servings. In rural homes, squirrel, when in season, is often added to the stew. Frozen or canned vegeta-bles may be substituted; how-ever, a delicate flavor comes from using all fresh vegetables.

Chicken Cacciatore
1 young chicken, 2 to 3 1/2 lbs.
1/2 cup olive oil or other fat
1 onion, finely sliced
3 1/2 cups canned tomatoes or 8 mediums
1 clove of garlic
1 1/2 teaspoons salt
1/4 teaspoon pepper
1/2 cup white wine

Disjoint, wash, and dry chicken. Cook gently in olive oil until del-icately browned; turn occasionally to brown evenly. Add onion and cook until onion is transparent and golden. Add tomatoes, garlic, salt and pepper. Cover tightly and simmer 'til chicken is fork tender and the tomatoes are reduced to a thick sauce, about 1/2 hour. Add wine last 15 minutes of cooking. Remove garlic clove before serving. Serves 4 to 5.

Brunswick Stew
1 plump chicken, 3 to 4 lbs.
2 cups diced potatoes
2 cups green corn
2 cups tomatoes, cut up
1 tablespoon salt
1/4 lb. salt pork
1/2 cup chopped onions
2 cups green lima beans
1 hot red pepper pod
1/2 teaspoon black pepper.

New Type Phone Bills Being Used

Telephone subscribers in Lovington are now receiving "punched card" type telephone bills representing the latest develop-ment in the field of telephone bill-ing.

G. R. Wainwright, Manager of the Chesapeake and Potomac tele-phone Company office here, said subscribers in Lovington are a-mong the first in the Bell System to receive the newly developed bills.

According to Mr. Wainwright, punched card billing is designed to give telephone users on a conven-iently sized card a clearer and more detailed statement of telephone charges and applicable government taxes. Under the new machine bill-ing procedure, customer accounts can be figured with great speed and accuracy and payments may

be credited to the correct account by means of running the perforat-ed stub portion through the ac-counting machines. The Company urged customers not to bend, tear, or staple the stub portion of the bill so as to expedite handling of their accounting record when the stub is returned with a payment.

"There is no change in the meth-od of subscriber payment of tele-phone bills under the new system", Mr. Wainwright said. "Most usual charges for local and long distance telephone service with the appli-

cable taxes will be shown on the punched card. As in the past, a supplemental statement will be en-closed giving the details with re-gard to long distance calls. Any fractional or non-recurring charges or credits will be shown on a supplemental statement enclosed with the bill so that the customer may have a full and complete statement of his telephone charges. Charges for special services such as teletypewriter service will con-tinue to be billed separately as at

From where I sit... by Joe Marsh

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought every-body in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traf-fic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream. Well, traffic piled up, but Tiny paid no heed. Light changed

green three times. After the kit-ten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty consider-ate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at din-ner time, it's just each to his own taste and everything's "smooth as cream" between them.

Joe Marsh

SERVING THE PEOPLE OF THE TOWN OF SCOTTSVILLE AND THE NEIGHBORING COMMUNITIES IN ALBEMARLE, FLUVANNA AND BUCKINGHAM COUNTIES

Safety Award

The safety record established Saturday by the 300 men and women of the United Rubber Company plant here is one of which every employee can be proud. It is a record that seldom is made in a plant of this size.

Industrial safety through the past several years has become extremely important just as highway and home safety have received the attention needed to save limb and life. Millions of man-hours have been saved by industrial safety promotion.

The record set by the employees of the U.S. Rubber plant is the result of concentrated effort by all employees—from top to bottom.

We congratulate the plant, its management and its employees for this fine record. May they add many more non-accident working hours.

News Of Palmyra

By Mrs. George P. Smith, Jr. Community House Saturday evening.
 Mrs. Pearl Conrad, Mrs. William Conrad and Mrs. Carol Trainum spent last Sunday with Rev. and Mrs. L. O. Wright at Marshall.

Mr. and Mrs. Luke Gregory and daughters, Linda and Dianna, of Washington spent the week-end with Mr. and Mrs. P. H. France and family.

Arthur Hefner of Rainelle, W. Va. and Mr. and Mrs. Dan Hefner and daughter, Janet, of Harrisonburg spent the week-end with their mother, Mrs. H. C. Hefner.

We are glad to learn that John S. Tyng, who is a Certified Public Accountant, has opened an accounting office in his home here. We wish for him every success.

TODAY'S meditation

The Upper Room
 THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

As a shepherd seeketh out his flock in the day that he is among his sheep that are scattered; so will I seek out my sheep, and will deliver them out of all places where they have been scattered in the cloudy and dark day. (Ezekiel 34:12.) Read Ezekiel 33:30 or Romans 13:1-6.

People are often troubled in spirit when they go to church. They are all the week round buffeted by the world. They are weary in body and sick in soul. They come to worship God, to find solace and health in His presence. It is good that by listening to the words of the preacher and joining in the hymns and prayers, the worshippers forget for one short hour the world with its bickerings and troubles.

And if sometimes the words of the sermon probe the deep wounds of their hearts, or the thunder of Sinai makes the sinner tremble and be afraid, that also is good. The main thing is that the divine Voice be audible through and within the human voice or instrument. Then the preacher is a prophet, and the Church is doing its task of priesthood in bringing God near to men and men near to God.

PRAYER

Lord of life, Thou Shepherd of the sheep, Thou art faithful in Thy desire and tireless in Thy efforts to bring us into the fold of Thy blessedness. Help us to hear Thy voice and cry out for deliverance from evil. Speak to our hearts through Thy Church. Keep us faithful. In the Shepherd's name. Amen.

THOUGHT FOR THE DAY

The Church brings God near to us, and us near to God.

Y. S. Kassouny (Lebanon)

Ramblings

The season seems to have changed as quickly as the flip of a calendar page. The summer, the drought, the chore of doing anything very active in the sunshine, all suddenly became things of the past, with only dried leaves in field and woods to remind us of the baking sun that has suddenly become just warm and friendly. The haze has lifted from the mountains, and the harvest of what is left in the farms and orchards has begun. Among the serious losses I feel the poor dogwoods should be mourned, also. So many of them have curled up their leaves in despair. But perhaps a winter under a wet blanket of leaves and a rainy spring will bring them back to life again.

Indian summer brings all sorts of pictures to mind—the rich yellow of dried corn, the branches of almost wine-colored oak leaves, the flames of red and gold in the first fire on the hearth, the long walks through rustling leaves that hunters take, getting the dogs in shape for the season later on. The sky is bluer, the moon is orange, and even the lowly broomsedge takes on a pinkish lavender hue in the glow of the sunset.

The only good that we can see which was brought about by the drought is the emphasis on the importance of conservation—especially of water. More farm ponds will probably be built, so that whatever rains may come will be used to good advantage. I don't know enough about the subject to write at length, but erosion is not only wasteful of good soil, but ugly as well, and both the planting of trees and the sparing of trees that are grown would provide us with more topsoil and more cool, shady areas during a hot summer, even if they do not actually help to lessen the water shortage.

Heard about a man who stopped at a filling station along one of the local highways the other day and asked a mechanic to check his car. "Whenever I hit 80," he complained, "there's a knocking in the engine."

The mechanic (this was a very unusual filling station—complete with mechanic) gave the car a lengthy examination, and after much testing, wiped the grease from his hands and drawled, "I don't see nothin' wrong mister. It must be the good Lord a-warnin' you."

Did you hear about the man that went to jail for hitting his wife over the head with an oak leaf? If it had come off of a tree, it wouldn't have hurt her, but this one came out of the dining room table.

E. F. W.

To help camellias harden their wood for winter, fertilize with phosphate and potash, such as 0-12-12. Use no nitrogen.

Come in and see... value check... and test drive a Ford today!

No doubt about it...

Ford's the one fine car in the low-price field!

Feature after feature... part after part...
Ford is as fine as the finest...
yet it's priced with the lowest.

No car ever built has won such enthusiastic and growing preference as the '53 Ford... and no wonder. For no other car with such a wealth of fine-car features costs so little as Ford.

Yes, Ford, with all its fine-car quality, is offered at a price that's easy to pay.

You can have a Ford with a V-8 engine—the same type of engine that powers America's most expensive cars—for hundreds less than many Six-cylinder

cars. And a Ford powered with the high-compression Mileage Maker Six costs even less.

Then, too, Ford's body is built like the best, with steel body panels of the same quality and thickness as in the most expensive cars.

Ford also proves that a car doesn't need to carry gas-thirsty extra weight to "gentle" you over the bumpiest roads! For Ford's smooth, level ride blots out the bumps... cuts front end road shock alone up to 80%!

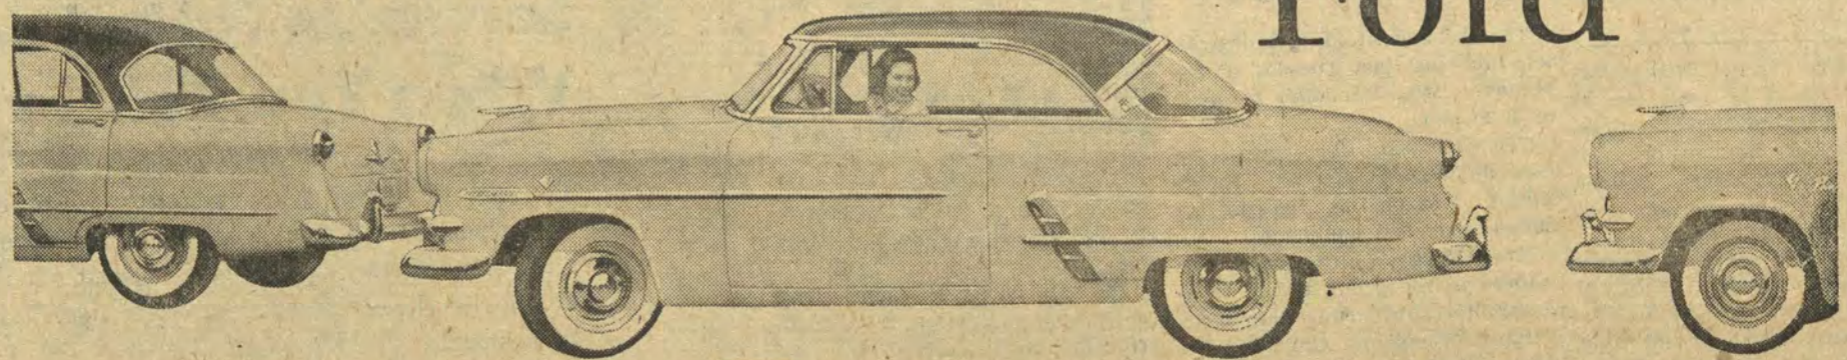

Also, you can have your Ford V-8 with Master-Guide, the last word in power steering. Master-Guide cuts up to 75% of turning

effort yet it leaves you with the natural "feel" of steering on the straightaway.

There are many other fine-car features, too! Ford Full-Circle Visibility... foam-rubber cushioned seats front and rear on all models... finishes that are baked on over a complete rust-proofing treatment... to mention a few.

It takes all these features to make a fine car truly fine... worth more when you buy it... and in resale, too! A survey of used car lots proves that people are willing to pay a larger percentage of the original cost for year-old Fords than for any other used cars. No doubt about it, Ford's your best buy!

Worth more when you buy it... worth more when you sell it!

If you're interested in **A-1** used cars, be sure to see our selections:

Club Meeting

The Fairhope Home Demonstration Club met last Tuesday at the home of Mrs. Randolph Herndon at 1:30 p.m.

The demonstration, given by Mrs. John Davis and Mrs. Vaden Butler, was on the repairing of simple electrical equipment.

Mrs. George Smith, one of the leaders in the group trying to arouse interest in membership in the Virginia Symphony Guild for the Scottsville-Fork Union district, talked to the group about the concert series.

Mrs. David Glass, originally elected president of the club, asked to be relieved of her duties, and was made vice president. Mrs. John Davis, the original vice president, is now president.

Much Interest Being Shown In Elections

'Much interest is being expressed locally in the annual PMA committeeman elections to be held a week from Friday,' County PMA chairman, John S. Farrar, said yesterday. 'It may be due to the wheat situation.'

He clarified the remark by stating that a large number of farmers are attaching special importance to the marketing quota and price support programs on wheat in view of the present and possible continued low market price on wheat due to the large national surplus. PMA committeeman administer both programs. 'Farmers voted for high level wheat price supports last month when they endorsed a 1954 wheat quota program by an 87 per cent majority. Now they have a chance to say who runs the program in each county. It's democracy at its best.'

In addition, Mr. Farrar said that he expected 'less flexibility in the 1954 Agricultural Conservation program' which may require more exacting administration than in other years. However, he made it clear that the provisions of the conservation program are yet to be announced.

Voting on September 25 will be by secret ballot, as usual, and polls in Fluvanna County will be located in the places below, all open from 8 A.M. until 5 P.M.

Columbia District, Kirkpatrick's Store

Palmyra District, Fluvanna PMA Office

Fork Union District, Fork Union Service Station

Cunningham District, Proffitt's Store.

Howardsville

By Vernard Hurt

Mr. and Mrs. John Hurt, Carro Tooley and R. E. Morgan were shoppers in Scottsville on Saturday morning.

Mr. and Mrs. R. E. Morgan and children of Newport News spent the week-end with Mrs. Annie Goolsby.

Mrs. Morgan Jones, who has been visiting her sister here, left Sunday for her home at Ore Bank.

Mr. and Mrs. H. T. Cobbs of Maidens spent Sunday with the Cobbses, Goodmans and Mrs. Bessie Nulty.

Mrs. Cora Taylor, who has been spending the summer months with Mrs. C. N. Brown, left Sunday to spend some time with Mr. and Mrs. J. R. Taylor near Scottsville.

Miss Margaret Brown spent Sunday at Schuyler.

Miss Mary Bragg spent Sunday with the Goodmans and the Cobbses.

Master Irving Lewis Cobbs spent Sunday with the Braggs.

Otha Woody, Clarence Wilkerson, Joe Londeree and Calvin Ripley spent the week-end at their homes here.

Many people from here attended the country fair at Glendower on Saturday. The fair was broken up early because of a storm.

Dr. Margaret Nolting and Miss Courtney Irving spent the week-end at their cabin on Mount Alto.

Mr. and Mrs. Kenneth Carroll of Schuyler spent the week-end with Mrs. Annie Goolsby.

Food Sale Scheduled Saturday At Flower Shop

The first in a series of food sales will be held at the Daisy Flower Shop this Saturday morning at 11 o'clock.

The sale is being sponsored by the Fairhaven Garden Club in an effort to raise money to bring the Virginia Symphony to Scottsville. This concert will be a special one for the children of Scottsville and will be entirely free.

When repairing furniture requiring a slender nail, try gripping the nail in a paper clip until it is well started.

Scottsville Nine Loses Final Game Of Season

The Scottsville baseball team lost its last game of the season Sunday in a double header played here against Shipman, ending second in the Tri-County League.

The first game score was 5-0 with Price starting for Scottsville. He was relieved in the seventh by Simpson and Rittenhouse caught. John White pitched for Shipman and Thorpe caught.

In the second game White again started for Shipman and Thorpe caught. White was relieved in the seventh inning by Price. Scottsville Tyler started pitching the second game and was relieved in the seventh inning by Price. Rittenhouse caught for this game also. The final score was 9-2.

In spite of reverses, during the past few games, Scottsville was in top form during most of the season.

The play-offs will begin here on Sunday with the fourth top in the league, Charlottesville Motors. They will play a two out of three series and the winner will play the winner of the 1st and 3rd in the league, Shipman and Alberene.

Death Of Infant

James Richard Ward, Jr., infant son of James Richard and Mary Treadway Ward, died at the Martha Jefferson Hospital Sept. 13. He is survived by his grandparents, Mr. and Mrs. Lindsay Ward, and his great-grandparents, Mr. and Mrs. Richard Ward.

Graveside services were held at the Presbyterian cemetery on Monday, September 14, at 1 p.m. and conducted by the Rev. John P. Elliott.

Cub Scouts Hold Organizational Meeting

The Cub Scouts met in an organizational meeting Tuesday night with their Scout master, L. G. Dorrier, and assistant master, David Philpot. Twelve boys were there, indicating interest in becoming scouts, with many of their parents attending with them.

Manning Arata, field executive, told the boys and their parents about cub scouting and the activities. They made plans to apply for a charter as soon as the boys had returned their applications.

There will be three dens of approximately 4 or 5 boys in each den. The den mothers, Mrs. Andrew Dawson, Mrs. Russel Moon and Mrs. Donald Carroll, will meet on Friday to make plans for first den meetings, which will start next Tuesday afternoon.

Riding Club Breakfast To Be Held At Donegal

Saturday, September 25, a Tri-county Riding Club breakfast will be held at Donegal, the home of Pierson Scott. An additional attraction for those attending will be a relay, egg and spoon race on the lawn, on horseback.

The contestants will mount their horses, and at the word from Bernard Christensen, the referee, they will carry an uncooked egg in a spoon at a given pace, probably a trot, to the partner at the other end of the lawn and so on until all have participated.

Those planning to come are urged to contact Mrs. Andrew Dawson or Mrs. John Dorrier, hospitality chairmen, at the earliest possible date.

Safety Celebration (Continued from page one)

Safety 1951 by Edmond Boggs, Commissioner of the Virginia Department of Labor and Industry; President's Award 1951 by H. E. Humphreys, Jr., president of the company; seven annual President's Fire Prevention Awards; seven Textile Division Awards, presented by the General Manager of the Division to the plant which has experienced the best safety record for a six-month period based on man-hours worked. In 1950 the plant retained permanent possession of the Division's safety plaque, having won it for the third consecutive time.

The Scottsville plant is one of eight mills operated by the United States Rubber Company.

Bruce

(Continued from page one)

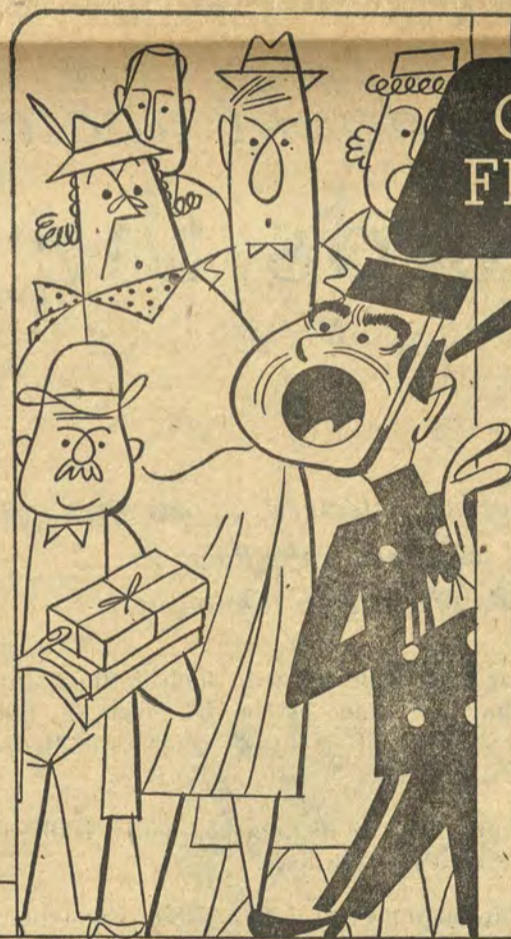

At the close of the meeting, Bruce voiced appreciation for the interest in the meeting demonstrated by those who attended. He said that guests were urged to come, and would be welcomed at all times.

The council members then presented Dr. Harris with a gavel engraved in silver Dr. Harris, Mayor 1943-1953. It was presented by Robert Pitts, the longest standing member of the council. Dr. Harris gave his thanks and appreciation for the support and cooperation given by all the councilmen, Sgt. Marsh, Charlie Lenahan, Thornhill Ramy Moore, Mrs. Violette Beal and Mrs. Charles Stone, treasurer and secretary of the town council.
