Gravestones in Scottsville Cemetery

As of Summer 2006

Preceding each name in below alphabetized name list is an image number, i.e., for the first gravestone in the list ("1502. Abbitt, Anneva Fox..."), 1502 is the image number for that gravestone. If you plan to visit one of the gravestones on this list in person, identify the image number for this gravestone in the alphabetized list and look on the attached map to find where it is located. The image numbers for gravestones contained in each of the five sections of the Scottsville Cemetery are identified on this map. By using the map, you will reduce the amount of time spent locating your ancestor's gravestone. Please note that this list was compiled in Summer 2006 and does not contain a comprehensive list of gravestone information after that date.

Please contact Scottsville Museum at smuseum@avenue.org if you have additional questions about this map and gravestone listing. If you wish to see a photograph of a gravestone on this list, visit our Scottsville Cemetery webpage at: scottsvillemuseum.com/cemeteries/ScottsvilleCemetery/homeCG090cdCG06.html
