

Memorial Church

Memorial Baptist Church Founded In 1842. Now Has Membership Of 175

By Elizabeth Wimer

In June 1842, a group of Baptists, organized by Elders Joseph Jenkins and Poindexter Smith, and consisting of 13 male and 12 female members, started the Columbia Baptist Church at Mt. Prospect, about seven miles outside of Columbia. The membership came from a widely scattered area, since the community was sparsely settled, and it is to the credit of these first, earnest church workers that since that time, the Columbia Baptist church, now called Memorial Church, has grown and prospered.

Poindexter Smith became the first pastor of the little band who built the first church. They made George W. Pettit clerk and E. W. Seay treasurer. Other deacons were Thomas B. Sanderson, James Bartlett and James Shepherd. There is no available description of that first church except that it was a "simple frame building" but there was evidently a place for the negro slaves to worship also, since there is a record of negro deacons. A Sunday school was organized in 1844.

As the congregation grew, the members decided to move their church closer to Columbia. In 1853 a meeting house built by David Ross for his many slaves was moved to a site given by James Bruce about one mile from Columbia. This was used as a union church, the Baptists sharing it with other denominations until 1887.

Meantime there was evidently a need felt for a larger church, and in 1855 John F. Shepherd gave the land for it close to the heart of the little town. He also contributed largely to its construction, dedicating it to the memory of his two children, John S. and Cora B. Shepherd. Thus, it was called Memorial Baptist Church. It was dedicated on May 12, 1887, with a sermon by Dr. W. W. Landrum, and with Dr. George Snead serving as its first pastor. This church, which was larger than the present one, with a belfry and steeple, was on the same site as the present church. In May, 1940, it was destroyed by fire.

Members of the congregation worked together, contributing time, money and much of their own labor to replace the burned church. Memorial Church was dedicated June 29, 1941. Rev. J. D. Kessler was pastor during this time.

One window in the new church was dedicated to the memory of its benefactor, John Franklin Shepherd, and the two children for whom he built the former church. Other stained glass windows, which add to the beauty of the church, are in memory of Mrs. Nannie Stratton Harvey,

who organized the Ladies Aid Society about 1891; George Huckstep; Arthur and Fannie Payne; Rev. Willard Haight and Ida May Haight; Joseph Robert Bruce, who taught Sunday School at the age of 95, and his wife, Eliza Jane Bruce and Frank Jenkins.

Members now enrolled total 175, and the active Sunday School, which meets every week, numbers about 117. Church services are held every third Sunday morning and first Sunday night.

Rev. L. E. Crowder, who came from a field at Colonial Village, has been the pastor here for the past three years. He is now studying for a career as medical missionary to India.

Miss Mary Z. Walton is superintendent of the graded Sunday school, which meets in seven rooms as well as in the auditorium.

Memorial Church is in a field of Baptist churches with Perkins, Mt. Gilead and Beulah. Trustees are G. T. Seay, J. H. Griffin and J. O. Shepherd. They also serve as deacons, along with Curtis Newton, Floyd Newton, J. W. Stump, J. N. Snoddy and V. B. Huckstam, chairman.

Miss Mary Alice Ankers serves as organist and director of the senior and junior choir. Last June the Ankers family presented the church with a new electric organ.

The Woman's Missionary Society is well organized, and under its function several groups of young people. Officers of the W. M. S. are Miss Mary Walton, president; Mrs. J. W. Stump, vice-president and Mrs. C. E. Bollinger, secretary-treasurer.

Sunbeam leaders are Mrs. L. B. Crowder and Mrs. Henry Berry.

The Baptist Training Union meets every Sunday night. Mrs. Robert Proffitt is leader of the Junior Union, Mrs. H. S. Mosby is leader of the Intermediate group, Mrs. T. J. Proffitt is counselor for the Story Hour children and Mrs. J. W. Stump is leader of the Baptist Adult Union.

From a small beginning, the Baptist church at Columbia has, through the years, been a strong and steady influence for good in the community.

Now that the fourth church is well established, and loyally supported by its members it is hoped that its fortunes will continue on an upward trend.

Seven Are Fined For Being Drunk

Fines totaling \$150 were meted out in Scottsville Trial Justice Court this morning by Judge Sidney Waton.

All seven cases were charges for drunkenness. A father, James Lucas, of Scottsville, colored was arrested for the third time when he appeared under the influence of whiskey at the door of Sgt. Marsh to request him to come to a home and arrest his son, Leslie Lucas, who was also drunk. Leslie was fined \$25 for his third offense of being drunk this year and given a 30-day suspended jail sentence. James received a fine of \$5 and costs.

Results of other cases were as follows:

John W. Birkhead, Scottsville, \$5 and costs for being drunk in public.

George Lloyd, \$5 and costs for being drunk in public.

Andrew Jackson Birkhead, \$100 and costs for driving drunk.

These three men were fined \$5 and costs last week in Albemarle Court for the possession of moonshine whiskey which was found in the car driven by Andrew Birkhead at the time of his arrest.

Tim Clements of Scottsville was fined \$5 and costs for being drunk.

Bloodmobile To Visit Scottsville In March; Donors Are Sought

The Red Cross Bloodmobile will be in Scottsville one day in March, it was announced today by chairman James Lee Dorrier. The exact date will not be set until an estimate of how many donors Scottsville will have is made.

"Blood," said Mr. Dorrier, "is more in demand than ever, meeting emergency needs of wounded fighting men and injured and sick civilians. In giving a pint, of blood the donor may well have saved a life."

E. Roland Harriman, Red Cross president, announced that through the Red Cross the American people provide more than a half million pints of blood for soldiers and 1,228,500 pints for civilians last year.

The organization is now operating 45 regional blood centers and 11 defense centers.

All blood donated by the citizens of Scottsville will be used for our armed forces, Mr. Dorrier said, and for local needs at the University Hospital. There is no charge for blood at the hospital now, as local blood donations from Charlottesville and Albemarle county furnish this supply. He urges all who possibly can to sign up for a pint of blood. Pledge cards are now distributed and may be obtained from Dr. Percy Harris, the U. S. Rubber Company.

The sooner Scottsville meets its quota of pledges, the sooner it will be able to contribute to one of the most vital projects undertaken by the Red Cross, he said.

Pay Off Debt

Buckingham County's board of supervisors this week voted to pay off the remaining \$33,542.14 owed for the construction of the County's central high school, completed ten years ago at a cost of \$105,000.

At their meeting on Monday, the supervisors also discussed a county tax map and re-assessment of property for 1951 with a representative of the State Department of Taxation.

This was the first of the monthly meetings to start at the new hour, 1 P. M. The board voted in January to hold afternoon meetings instead of convening at 10 A. M. The Supervisors meet on the first Monday of every month.

Harry Langhorne Is Re-elected President Of Albemarle County Breeding Association

Harry Langhorne, of Scottsville, has supplanted disease prevention as the main objective of the Albemarle Breeding Association at the organization's annual meeting at Charlottesville last night, and T. R. Moore Jr., of Stony Point, was named secretary-treasurer.

Directors chosen at the meeting are C. M. Garnett Jr., of Route 2, the retiring secretary-treasurer, Percy Abell, of Mechums River, George Glenn and C. J. Halterman of Palmyra, and Russell Fisher, of Louisa.

THRIVING BROILER BUSINESS—Above are four photos taken at the J. H. Wilson poultry processing plant in Coveseville. Top photo left shows baby chicks under heat lamp. Top photo right shows baby chicks under hover type brooder. Left bottom shows chickens at 3 to 3 1/2 lbs. ready for market. Owner Wilson is shown using electric scalding and picker at bottom right.

(AEP Co. Photos)

Coveseville Man Has Thriving Poultry Business

Small progressive business are coming into being throughout the rural communities. The processing plant of J. H. Wilson, Coveseville is no exception to this rule. Approximately 300 chickens are processed each week and sold to the local markets. New Hampshire Red day old baby chicks are purchased and placed either under a hover brooder or under heat lamps. After the chickens become of sufficient size, they are placed in pens. The pens are illuminated by general overhead lights, automatically

controlled by a time clock. This gives the birds a long day in which to feed. The chickens reach 3 to 3 1/2 lbs. in 10 or 12 weeks, and are ready to be sold. The chickens are decapitated, placed in a scalding, then on the poultry picker. The entire operation takes less than 5 minutes. The chickens are then drawn, refrigerated and ready for market. By means of this equipment, Wilson with only 1 helper, can care for a flock of 4,000 chickens and do his processing—a saving of time and money.

THE AMERICAN WAY

Stewing In His Own Juice

Just What The Communists Want

"In less than four decades, the individual income tax rate has risen from one per cent with a maximum rate of seven per cent on net income of \$500,000 and over—to a starting rate of 22.2 per cent, with a combined normal and surtax rate of 92 per cent on taxable income of \$200,000 and over!" writes Gordon Grand, Jr., in the Tax Review.

"In the space of less than 40 years, the corporate income tax rate has risen from one per cent to a combined normal, surtax and excess profits marginal rate of 82 per cent. . . . The number of individuals subject to income taxes has risen from less than 400,000 to 55,000,000."

As if this wasn't bad enough, the new proposed Administration budget, as offered to Congress, envisions a deficit of over \$22,000,000,000 during the next two years. And apparently the only Administration solution is more taxes—even though taxation takes about one-third of the whole national income now. There is the usual easy talk about economy and efficiency - but no one high in Administration circles ever comes up with a concrete suggestion for materially reducing non-defense, non-essential spending of any kind.

The Communists, who would like nothing so much as an economic collapse in the United States, must find this encouraging to an extreme. A drunken-sailor type of government can destroy a country from within just as effectively as an enemy can destroy it from without by military means. The one bright spot in the whole picture is the coldness with which Congress received the Budget Message. Members of both parties said that taxes must not be raised, and that costs must be cut—and cut deep. Congress could render no greater service to the nation than that.

Country Lawyer

By Walter Johnson

A Chicago woman, Mrs. Irene B. Whetstone, has just been jailed for refusal to pay a claimed federal tax of \$1400 for the year of 1944. She argued that the Constitution of the United States does not require us to support the peoples of other lands.

Clearly the lady has spunk and conviction. It is true that the Constitution does not require us to pay taxes for support of other people. And it is equally true that there is no constitutional prohibition against it. The wise and able founding fathers seemed to think of everything within reason. They probably thought it too ridiculous to consider that the day might come when our earnings would be taxed away and given to other peoples so as to lessen their work burden.

Anyway that is what is being done. A wild bunch in the Executive branch of government, supported by a massive tax-supported propaganda machine, has been able to impose that upon the people. We fall for it. We permit it to be done. Some of us are afraid to object because we know that the word "isolationist" has been coined and given an evil tinge to be hurled at persons who might object.

We send our representatives to Congress. Under our system these representatives have the duty of making our laws for us. They lay the taxes upon us. Every dollar spent must first be authorized by Congress. All the waste in the executive branch occurs only because of the weakness of our Congress. It is only by acts of Congress that our earnings are axed out of you and given to somebody in a foreign land so the recipient can live better than justified by his volume of work performed.

Perhaps it is a good idea. Perhaps you like to have the living standard of yourself and family reduced so that of the other fellow on the other side of the world may be improved without his working for it. If you do you should continue to reflect the same Congress. If you do not like it then you might well take steps to send stronger men to Congress. This backing taxation by the federal government hits us hard. It so drains away the earnings of the people that the cupboard is bare for local taxation. Northumberland schools, like the schools in many counties, are far from good. The people want reasonably good schools but they are faced with the practical problem of finances.

With the federal government taxing us at the rate of nearly \$600 per person per year and with the state government hitting us hard too there is little left for local taxes for schools. Some of

this money comes back in the form of "aid" but it has to be used as directed from above. At every rural courthouse there is abundance of federal and state bureaucracy supported by the people with much comfort but there is a lack in what is needed for our own children.

The whole set-up needs careful review. The people are shut off from participation in school affairs. They are told that for them to select their own school boards would be evil politics but for some one else to select the school board for them is good politics. Some people fall for that bunk. Because the people are shut away from their schools the school problem becomes more difficult.

For some strange reason we seem unable to send men into the General Assembly who have enough faith in the people to permit the people to elect their school boards. And, likewise, we seem equally inadequate when it comes to selecting members of Congress. That we should send men to Congress to tax us out of and waste our substance is something out of this world but we are doing it. Our Virginia delegation in Congress is probably a little above average but it, too,

seems to yell "aye" to almost every bad spending and taxing proposal.

It would seem high time that we, the people, breathe in more strength and courage and take a greater interest in keeping things on an even keel and within reasonable balance. Our continued existence as a free self-governing people requires that we individually participate to a greater extent in government.

I know *Electric's best*

"I've been keeping house for 46 years," says Mrs. A. W. Adkins, "and after using almost every method of cooking, electric ranges have proved best for me."

Mrs. Adkins speaks from experience. She's cooked electrically for 28 years and says, "During that time there have been lots of wonderful changes made in electric ranges. Our latest model gives beautiful results with every type of cooking, and it's so economical to operate."

Electric ranges are tried and proved—and the newest models are better than ever. See them now at your dealer's.

best for baking

When you bake a lot like I do it's mighty important to have the accurate oven controls of an electric range.

best for variety

One feature I particularly like is being able to cook a large variety of foods in the oven at one time.

best for cleanliness

Pots and pans never need scouring when you have an electric range.

For your St. Valentine's Day Party, try "Party Sandwich Loaves". You can make them ahead and store in the refrigerator.

- 20 slices of bread or 1 loaf
- Softened butter
- 2 cups chicken Salad
- 1 can jellied Cranberry Sauce
- 1 lb. Cream Cheese.

Trim bread crust. Butter the first slice of bread. Spread with generous layer of cranberry sauce. (Butter prevents the Cranberry Sauce from soaking into the bread.) Top with second slice of bread buttered on both sides. Cover with a layer of chicken salad. Top with third slice of bread, buttered on both sides. Spread with Cranberry sauce. Cover with 4th slice of bread buttered side down.

With a sharp knife cut each stack in half.

Cover sides and top with cream cheese moistened with milk to spreading consistency. Garnish with Cranberry heart cutouts. Makes 10 individual Cranberry Chicken Sandwich Loaves.

Here is another Cranberry recipe as served at The Toll House, Whitman, Massachusetts.

"Cranberry Blossoms"

Thin any good lemon filling to pouring consistency with whipped cream. Spoon over sponge cup cakes and top with Cranberry Sherbet.

Cranberry Sherbet

- 1 can Ocean Spray Jellied Cranberry Sauce
- 2 teaspoons grated lemon rind
- 3 tablespoons sugar
- 6 tablespoons orange juice
- 2 stiffly-beaten egg whites or 1 cup heavy cream, whipped

Break up Cranberry Sauce with fork; add lemon rind and sugar dissolved in orange juice. Freeze in refrigerator tray until partially set; fold in egg whites or cream. Freeze until firm. Serves 6.

Rambblings

If there's anything to this ground hog business, then the little rascal didn't waste much time carrying out his prophecy of bad weather after he cast his shadow Saturday. What with the rain coming down in torrents, the bulbs sending up bold green blades, and plans for a little outdoor reconnaissance around the garden and shrubbery being ruined by the downpour, I resorted to the World Almanac to see what the weather held in store for the coming weeks. Imagine my surprise to find that in 912 pages of fine print, not a prophecy could I find. Weather men seem to be getting cagey, but I'll find a small free almanac on a store counter somewhere that will tell me just when to carry the umbrella and when to leave my winter coat at home. While searching for the weather, I learned a lot about astronomy, the most important events in politics, world affairs, and athletics during 1951. I even read of the magnificent gorilla, Makoko, in the Great Apes House at the Bronx Zoo, checked up on the eight presidents born in Virginia, skimmed over the whole system of courts in this country, and now I know that I won't have to buy a new edition of an encyclopaedia to find the name of certain president's son-in-law, or a description of any of the seven wonders of the world. Everything is in that almanac except a good recipe for brownies.....and a weather chart.

This month is full of a number of things—bound to affect most of us one way or another. Some will be working for the Heart Fund, others celebrating Valentine's Day, George Washington's birthday, or figuring out how to cut their income tax, doing something about Boy Scout Week, entering beauty contests, making out orders from the seed catalogs with dreams that leave out the Japanese beetles, hardened earth, stubborn weeds and hail storms.

It is a time when a picture of bright green parsley, leaf lettuce and little scallions and radishes make you impatient for spring and all it will bring.

Bright spot: "War was tougher during the Crusades," said one teen-ager to another, "They traveled by donkey or on foot. Seven years overseas, no rotation. No quinine, no aureomycin and no blood plasma. No K rations, no V-mail and no PX. If you were lucky they let you row part way home 1300 miles, when your hair began to get gray."

Greer Visits Parrs

James Earl Greer, of Danville is well known to many of the Scottsville people. He has been visiting in the home of Mr. and Mrs. Harold H. Parr for several days this week. He also visited other friends while here.

Greer was recognized as Danville's Outstanding Young Citizen of 1951.

He was presented the emblematic Key and a Certificate at the Annual Founder's Day Banquet of the Junior Chamber of Commerce on January 16, at Hotel Danville. The presentation of the symbolic key was made by Richard Croxton, chairman of the secret selection committee.

Since going to Danville as airways operational specialist with the Civil Aeronautics Administration, Greer has become widely known for his work with the Life Saving Crew, the Civil Air Patrol, Boy Scouts, the Red Cross and other activities.

In presenting the key, Croxton pointed out that while it represents outstanding work during the past year, it also reflects public service over a period of time.

Mrs. Ada M. Rigsby

Mrs. Ada Morris Rigsby, widow of Ivanhoe Rigsby, died at an early hour Tuesday morning at a Charlottesville hospital, following

an extended illness.

She was a native of Fluvanna County, daughter of the late Sidney and Eliza Morris, and was 70 years of age. Surviving are two sons, Robert Rigsby, of Louisa, and Roy Rigsby, of Charlottesville, and four daughters, Mrs. Decker Bourne, of Carysbrook, Mrs. Lewis Shipp, of Troy, Mrs. Jack Gillespie, of Boyd Tavern, and Mrs. Effie Morris, of Shirleyville, Ind. There are 22 grandchildren and two great-grandchildren.

Mrs. Rigsby also leaves one brother, Frank Morris, of Washington, D. C., and two sisters, Mrs. Richard Rigsby of Troy, and Mrs. Burruss Proffitt, of Columbia.

The funeral was held at 2 o'clock Thursday afternoon from the M. C. Hill Funeral Home, the service was conducted by the Rev. E. W. Rawlings, pastor of Palmyra Methodist Church. Interment followed in the cemetery at Zion Methodist Church, in Fluvanna.

Mrs. J. W. Holland

Mrs. Lou Lovine Holland, 88, widow of John W. Holland, died Monday in a Charlottesville Hospital. Mrs. Holland was a member of Lyles Baptist Church. A funeral service was held at Lyles Church, Wilmington, at 2 p.m. Wednesday. Surviving are six children: Mrs. Louise H. Seavey, of Manchester, N. H.; Miss Sallie

Wills Holland of Frederick, Md.; Mrs. Lottie H. Bell, of Wilmington; John W. Holland, of Carysbrook; Judge H. Russell Holland of Pontiac, Mich., and R. Edward Holland of Richmond; a brother, Dr. R. E. Loving, of Richmond; 13 grandchildren and three great-grandchildren.

Active pallbearers were as follows:

Allen Lanford, George Harrison, Harry Loving, John Loving, and R. W. Beatter.

Honorary pallbearers were as follows: Bernard White, Henry C. Jones, Allan Shephard, George Burruss, Hughes Holland, Robert Holland, Walton Loving, Peyton Perkins, T. J. Loving and A. D. Ellis.

Fluvanna County Farm News

By P. H. France

The latest recommendations on the best varieties of field crops to plant in 1952 have just been received from the Agronomy Department at V. P. I.

These are the varieties recommended for Fluvanna County farmers:

ALFALFA — Kansas Common, Oklahoma Common Buffalo (bacterial wilt resistant), and Williamsburg, a new Virginia variety. Another new variety, Atlantic, is also good, but very little seed is available.

RED CLOVER — Certified Virginia Adapted, Certified Kenland, and Virginia Adapted.

ORCHARD GRASS — Use Virginia-grown seed.

SOYBEANS — Ogden (for south of James River), S-100 (for south of James River, Chief, Patoka.

WINTER OATS — Arlington, Atlantic, Lee Cold Proof, Forke-deer, Letoria (1).

SPRING OATS — Andrew Clinton.

BARLEY — Wong, Calhoun, Kentucky No. 1.

WHEAT — Vahart, Thorne Leaps Prolific (smooth headed), Nittany (Penn. 44), Atlas 50 (2), Atlas 66 (2).

(1) Will not be recommended after 1952.

(2) Recommended south of James River.

CORN HYBRIDS — Early:

YELLOW. VPI 645; U. S. 505; U. S. 13; Pioneer 303; Pioneer 332.

Full Season:

YELLOW: U. S. 262; U. S. 262A.

WHITE: Indiana 750; Pioneer 510; Southern States 903W; Broadbent 235W(1).

(1) Will not be recommended after 1952.

TOBACCO — Burley—Ky 16 and Ky. 41A (both are root-rot resistant)

TOBACCO — Sun-Cured—Little Orinoco.

The fertilizer recommendations for 1952 have just been released. They are based on experimental findings as reviewed earlier this month by all members of the VPI agronomy department. The following listing shows the crop, then the pounds per acre to apply and the mixture of mixtures recommended.

Alfalfa seeding, 1,000 to 1,200; 2-12-12 with boron.

Alfalfa top-dressing, 600 to 1,000; 0-10-20 or 0-14-14 with boron.

Buckwheat, 300 to 400; 4-16-8 or 4-12-8.

Lespedeza, 400 to 500; or 0-14-14.

Millet, 400 to 600, 8-8-8, 4-16-8, or 4-12-8

Susan grass, 400 to 600, 8-8-8, 4-16-8, or 4-12-8

Peas, 400 to 600, 0-14-7, 0-14-14, or 2-12-12

Soybeans, 300 to 400, 0-14-7, 0-14-14 or 0-10-20

Do not use more than 30 pounds contact with seed since germination of potash per acre in the row in tion may be reduced.

Tobacco plant bed — (1-2 pounds 4-9-3 to each square yard. If treated with Uramon of cyanamid, use ½ the amount of 4-9-3 and ¼ pound of 29% superphosphate.

Tobacco Sun-cured—1200 to 1500 3-9-6.

a. Thin land — No. manure. Apply 1200 to 1500 pounds to the acre of 3-9-6 tobacco fertilizer and 30 to 40 pounds of nitrogen. The nitrogen should be broadcast

124 Members Now Active In Albemarle County's Recently Reorganized Farm Bureau

Albemarle County has recently reorganized its Farm Bureau and at present has about 124 active farmers in the county as members. Many other farmers in the county do not know exactly what the purpose of the Farm Bureau is, and many other groups of people in the county have various incorrect ideas as to the job and position Farm Bureau is filling in our society.

Simply, the Albemarle County Farm Bureau is an independent farmers' organization. A similar organization is the Grange. There are many organizations in the county and state that have similar names to the Farm Bureau but they are not to be confused with this organization.

The Farm Bureau is not an economic service, or a store selling commodities, it is not an insurance company, selling automobile and tractor insurance to its members or other persons, and it is not a part of the government.

The Albemarle Farm Bureau is one of 61 Farm Bureau counties in the state. These counties federate into the Virginia Farm Bureau Federation, an independent farmers' organization which works on three principal platforms; legislative, education, and service.

The organization is thoroughly democratic. All of the policies are made by the county memberships through resolutions committees which adopt resolutions bearing on the welfare of agriculture. Subject to the approval of the membership, these resolutions are sent to the state office in Richmond. At the state convention held each year in November, voting delegates from the 61 counties vote on all the resolutions. The ones that are adopted become the platform of work for the next 12 months in the state.

before planting. On these thin soils, a side-dressing about 20 to 30 days after plants are set in the field with 100 to 150 pounds to the acre of 8-0-24 may be needed to produce a high yield of high quality tobacco.

b. Medium to good land with manure or legumes. Apply 1000 to 1500 pounds to the acre of 3-9-6 tobacco fertilizer. Usually no additional nitrogen will be needed if manure is used or good legume crop was turned.

Note: When a heavy application of fertilizer is used in the row, it should always be thoroughly mixed in the soil before the land is listed, to avoid injury to the roots by the fertilizer.

Red Clover — 300 to 400, 0-14-7 or 0-14-14

Orchard Grass — 400 to 500, 4-16-8, 5-10-10, or 8-8-8

Next week's article will discuss fertilizer on corn, small grain, and

NOTICE OF ROAD HEARING

Take notice that the annual road hearing for Fluvanna County, will be held at the regular meeting of the Board of Supervisors on Monday, February 18, 1952, at 1:30 o'clock, P. M., in the Court-house on the Court Green, at Palmyra, Virginia.

Acting Commonwealth's Attorney for Fluvanna County, Virginia

The Virginia Farm Bureau Federation is one of 47 Farm Bureau states. These 41 states federate to become the American Farm Bureau Federation. The state conventions are sent to the resolutions adopted at each of the American Farm Bureau annual convention held in December of each year. There again voting delegates from the states adopt the program which becomes the platform of work for the American organization for the next year.

Since the policies are made by farmers who pay their \$10 yearly dues, the organization naturally represents the thinking of the farmer on all matters pertaining to agriculture on the county, state, and national levels.

That is the legislative function briefly. The educational work of the Farm Bureau is varied also but consists primarily of educational publications which are circulated to the members. A monthly paper is printed by the state organization, and a monthly magazine by the national, which members receive free. Through these publications members can keep informed on legislative matters as well as the latest recommendations of the extension service.

The service side of the program rests primarily in the hands of the county leaders. Many of the counties provide free income tax service for members and other helpful aids as members demand them. On the state level the service is in the form of insurance. The Virginia Farm Bureau Mutual Insurance Co. not to be confused with other companies with similar names, sells automobile, truck, and tractor insurance to members only at cost. A member of each county Farm Bureau represents the company which is owned by the members of the Farm Bureau.

That briefly is an outline of the Albemarle and Virginia Farm Bureau as it is working today.

The next article will emphasize the more technical set-up of the county organization and how

through cooperation on the part of the members, projects are being planned for the benefit of all in the county.

BEAUTIFUL FLOORS

Did you know that you can have beautiful floors at very little cost and trouble? Rent our Floor Sanders and do them yourself. We have one American 8" Drum Sander and two 7" Spinners and have recently bought another Light Eight American Drum Sander. We keep them in good shape and workmen who have used our sanders before come for 25 miles to rent them. Our rates are \$5.00 per eight-hour day for the 8" Drum Sander and \$3.00 per eight-hour day for the Spinner.

We have different types of floor finish and will be glad to help you make your floors beautiful.

When waxing your floors, why tire yourself out polishing by hand when you can rent our polisher for at little as \$1.00 per day or 25c per hour and do a better job.

Blood Donor Results

The Albemarle Chapter of the
American Red Cross announced
today results for the Blood Donor
Program for January.

Dr. Russell L. Haden of Crozet
has succeeded Dr. Ross T. McIn-
tire as chairman of the commit-
tee on medical policies and pro-
cedures of the American Red
Cross blood program. Dr. McIntire
continues as a member of the
committee.

Out of a quota of 972 donors
during 27 donor days, 553 people
donated 467 pints of blood. Broken
down, the report is as follows:
85 recruits by the churches; 47 by
the commercial division; 69 by
civic organizations; 55 by indus-
trial divisions; 77 by the Univer-
sity of Virginia, personnel staff
and students; 61 by the county,
135 miscellaneous.

1952 ACP Sign-Up Now Underway In Fluvanna County

The sign-up campaign of the
1952 Agricultural Conservation
Program is under way in Fluvanna
County the local office of the
Production and Marketing Admin-
istration reports. And farmers are
hastening to fill out ACP work-
sheets for two reasons, according
to John S. Farrar, PMA County
Chairman.

He says that they want to use
the program to help meet 1952
production goals and they also
want to use ACP to keep their
lands in condition for future pro-
duction needs.

This year the county PMA
committee and community commit-
teemen want to give emphasis to
the conservation needs of individ-
ual farms. For that reason Mr.
Farrar says farmers are urged to
check their individual needs in
order to give first attention to
those practices that will give
maximum results.

In this "farm-by-farm" plan to
put "first-things-first" from the
standpoint of conservation, it is
not assumed that every thing
needed can be done in one year,
the PMA chairman explained. But
it is assumed that each farmer can
get his plans organized so that
the productivity of the land will
keep pace with the increasing
food and fiber needs.

In effect the 1952 Agricultural
Conservation Program in Fluvan-
na County will direct its operations
toward a positive and specific
program for each farm. Each
farmer will be encouraged to put
his program down on paper to
guide his operation this year and
in years ahead. In developing each
farm's program the use of plans
prepared by other agencies of the
Department will be employed as
far as possible. Such plans for
many farms have been prepared
by the Soil Conservation Service,
Extension Service, and the Farm-
ers Home Administration.

Mr. Farrar urges all farmers
in Fluvanna County to come into
the PMA office in Palmyra on or
before February 15, 1952 in order
to get a guaranteed assistance to
help with ACP practices on his
farm.

Fluvanna Farmers Urged To Increase Feed, Grain Output

A bumper crop of corn and
other grains in Fluvanna County
this year can boost farmers' in-
come and also bolster reserve
stocks now at a critically low ebb.

The Fluvanna County Agricul-
tural Mobilization Committee is
taking steps to help farmers get
this bigger production, both
through increased yields and more
acreage in cultivation, according
to John S. Farrar, Chairman.

The need for more feed grains
stems from rapidly expanding
livestock and poultry industry,
especially in the south, Farrar
said. Growing consumer demand,
including the military, requires
greater meat and poultry produc-
tion than ever before.

The prices of corn and other
feed grains likely will be as high
or higher in 1952 than in 1951,
he said. Likewise, high level price
supports already have been an-
nounced as an incentive to pro-
duce. For these reasons the AMC
Chairman said "Fluvanna farmers
have a wonderful opportunity in
1952 to increase their income and
at the same time build up much
needed supplies of feed and food."

better cows, then the prevention of
disease, the promotion of economy
by eliminating the maintenance of
bulls, and the eliminations of
hazards involved in keeping bulls.
Poor feeding conditions and herd
management, Kallison said, are
more responsible for "shy breed-
ing" and a low conception rate in
cows than are cattle diseases.
Hereditry and weather conditions
are also factors in "shy breeding,"
he explained.

W. H. Armstrong, of Rocky-

Artificial B-reeding Association, of
which he is manager, and on op-

Claims Self Defense

A 47-year old Fluvanna Negro
was certified to the Fluvanna
Circuit Court grand jury Wednes-
day morning on a charge of mur-
der in connection with the fatal
shooting of his brother.

James William Morris testified
in Trial Justice Court Wednesday
morning that he shot his brother
Kermit in self-defense at their
home near Shores January 15.

James said earlier in an interview
at the Albemarle County jail that
Kermit "never worked to take
care of himself and was always
arguing at me." Kermit returned
to Shores the day before the
shooting after living in New Jer-
sey.

He was shot once in the stomach
in back of their home near Route
640. James said he was going
hunting when Kermit started to-
ward him, and he shot him. Kermit
lived a few minutes but died be-
fore James could summon a doc-
tor.

Quaint Lea, Naher, attended the
performance of the Ballet Russe
in Richmond last Wednesday even-
ing. On Thursday, the family left
for a trip North. Mrs. Forstbauer
and small daughter, Priscilla,
stopped off for a visit at Upper-
co, Maryland. While away, Mrs.
Forstbauer did some antique buy-
ing for her shop. Mr. Forstbauer
and Suzanne spent the week-end
in New York.

Cpl. Williams Assigned To Post In Germany

Announcement has been made
by the U.S. Army that Cpl. Fred-
die Williams, son of Mr. and Mrs.
Fred O. Williams, of Dillwyn, has
been assigned to the 7899th Labor
Supervision Company, at Warz-
burg Military Post in Warzburg,
Germany, where he is a personnel
maintenance specialist. He served
two years in the U.S. Marine Re-
serve Corps before enlisting in
the army a year ago. He was sta-
tioned at Fort Meade, Md., as a
member of the 75th anti-aircraft
Artillery Battalion before being
sent overseas to Wurzburg.

Cpl. Williams was graduated
from Buckingham Central High
School and attended Fork Union
Military Academy. He will be re-
membered by many of the busi-
ness establishments in Scottsville,
as salesman for the Cliff Weil
Company. He is a nephew of Mrs.
Charles A. Stone, of this city.

Charged With Auto Theft

Donald Duard Rasake, whose
family lives near Scottsville, was
bonded for \$2000 in Trial Justice
Court Friday morning in Charlot-
tesville for trial February 13 for
the theft of an automobile.

Rasake allegedly stole a taxi cab
which was parked near a service
station in Scottsville Tuesday
night. Members of the Scottsville
Fire Department, returning from
a fire at Howardsville, stopped
him on Route 6 where he was
driving without lights.

E. W. Butler said Friday
morning he told Rasake he would
fix the lights and drove the car
back to Scottsville. State Troop-
er W. L. Davidson was summon-
ed and Rasake was placed under
arrest.

Three residents of the Scotts-
ville neighborhood were convicted
to the possession of illegal un-
taxed alcohol also and fined \$50,
with \$25 suspended. George Lloyd
John W. Birkhead, and Andrew
Jackson Birkhead, were arrested
in Scottsville Sunday by chief of
Scottsville Police F. F. Marsh.

Marsh found a mason jar, par-
tially filled with moonshine, in
Lloyd's truck, which Jackson
Birkhead was driving. The men
said they found the jar in honey-
suckle long Route 6 and brought
it to Scottsville with them.

They first told Marsh that it
was battery water. Jackson will
be tried for drunken driving in
Scottsville Trial Justice Court, and
the other two for being drunk in
public!

Mrs. Branch H. Smith

Mrs. Eva Kirby Smith, widow
of Branch H. Smith and a native
of Albemarle County, died Friday
night at Walter Reed Hospital in
Washington, D. C.

She was the daughter of the
late Thomas and Mattie Kirby, of
Alberene. Surviving are one
daughter, Mrs. Frank Chano, of
Washington, and two grandchil-
dren.

Mrs. Smith also leaves three
sisters, Mrs. Arthur Ragland and
Mrs. Daisy Hughes, both of Rich-
mond, and Mrs. Pearl Powell, of
North Garden, and two brothers,
Clyde and Thomas Kirby, of Al-
berene.

The funeral was held at 4 o'-
clock Sunday afternoon from the
Chambers Funeral Home in Wash-
ington.
